Introduction

This Report presents the results of the 2011-2012 Agriculture and Livestock Survey (ALS) in communal lands conducted by the Zimbabwe National Statistics Agency. Results of the following modules are presented.

Employment and Earnings Module

The module provides data on persons employed as permanent or casual employees on holdings and wages paid as well as family members of heads of households contributing towards agricultural labour.

Crop Inputs Module

The module provides data on agricultural inputs used such as seed (purchased or own produced), fertilizers, lime, herbicides, pesticides during the agriculture season.

Credits and Loans Module

The module collects data on access to credit by farmers from various institutions including banks. Data is collected on number of loan recipients, source of loan, type and purpose.

Cattle and Other Livestock Population and Inputs

The module provides data on cattle and other livestock in the agricultural sectors and livestock inputs used such as livestock feed, veterinary fees. The reference period for the Module is 1 January to 31 December of the reference year.

Post-Harvest

The module collects data on actual crop output as well as retentions, sales to marketing authorities and other buyers. Production and sales are measured in tonnes or US\$.

Capital formation

The module collects data on inventory of machinery, equipment, implements as well as improvements on the farm, including the cost of erecting buildings, works and other farm improvements.

Transport and Energy Use

This module collects data on fuel used and transport costs incurred by farmers involved in agriculture related activities e.g. transporting seed to the farm. The reference period for the Module is 1 January to 31 December of the reference year.

Explanatory Notes

Household count refers to the number of households.

Rounding

Figures have been rounded to the nearest unit. Due to rounding, there may be an apparent slight discrepancy between the sums of constituent items and their shown totals.

Sales of crops includes intended sales

Symbols

*	Indicates that data on quantity for the marked items was not collected
-	Any of the following: Data not available Missing value No figure When figure is zero or insignificant
t	Tonne
ha	Hectare
kg/ha	Kilogram per hectare

Employment

Table 1.1: Number of employees and total wages paid by type of employment, sex, quarter and year, 2011-2012.
